Fallsoft® Limited Warranty

Fallsoft® warrants to the buyer that any new equipment is free from defects in material and workmanship. This warranty is only effective as to any new equipment which has not been altered, changed, repaired, or modified without Fallsoft's® authority and should not be performed by any persons other than Fallsoft®. This warranty does not cover any abuse or damage caused to the equipment after its delivery to the buyer. It does not apply to any tools, attachments, accessories, or any other parts sold or operated with Fallsoft® equipment if they have not been manufactured by Fallsoft® itself.

Fallsoft® shall only be liable for defects in the materials or workmanship attributed to faulty material or bad workmanship that can be proved by the buyer. It specifically excludes liability for repairs arising as a result of normal wear and tear of any new equipment or in any manner whatsoever and without limiting the generality of the foregoing, excludes application or installation of parts not completed in accordance with Fallsoft's® operator's manual, specifications, or printed instructions.

Notice shall be given to Fallsoft® immediately upon discovery of any manufacturer's defects. The equipment in this case shall be taken out of service and returned to the Fallsoft® factory at once. Fallsoft® reserves the right to withhold warranty on any equipment return pending Fallsoft® factory personnel's inspection.

This warranty extends only to the original owner of any new equipment and expires one (1) year after the date of delivery of such equipment. This warranty is limited to the terms stated herein and is in lieu of any other warranties whether expressed or implied and without limiting the generality of the foregoing, excluding all warranties, expressed or implied, or conditions, whether statutory or otherwise, as to the quality and fitness for any purpose of the new equipment. Fallsoft® disclaims all liability for incidental or consequential damages.
